Special Skills

Aside from being an actor for nearly forty years, I am also a musician (guitar, bass guitar, piano, vocals, tuba, and many others). I can speak in many different accents and voices (American regional and foreign) of which I'm constantly honing to make them as flawless as possible. I easily learn new accents. I am a copy editor, script editor and collaborator, director, and set constructor. I've worked with animals including all types of livestock. I am an artist (ceramics, sculpture, collage, graphic designer, sign maker). I am also a scholar of wine, beer, and spirits.
